4 January 2005 (No. 3);

2 May 2007 (No. 293).

If a whole or part of a paragraph has been amended, the date of the amending regulation appears in square brackets at the end of the paragraph. If a whole paragraph or sub-paragraph has been deleted, the date of the deletion appears in square brackets beside the deleted paragraph or sub-paragraph.

Republic of Latvia

Cabinet

Regulation No 272

Adopted 25 June 2002.

Regulations regarding Seasonal Work

Issued pursuant to Section 44, Paragraph two of the
Labour Law

1. These Regulations determine seasonal type work for the performance of which entering into a contract of employment of limited duration is permissible.

2. Seasonal work is:

- 2.1. sowing and planting;
- 2.2. maintenance of planted fields and plantations;
- 2.3. preparation of livestock feed;
- 2.4. livestock grazing and establishing pasturage;
- 2.5. provision of seasonal work in the framework of fish raising (also crayfish raising) activities ;
- 2.6. preparation of ponds for raising fish or crayfish;
- 2.7. ensuring the catch of raised fish and crayfish in ponds;
- 2.8. organisation of the catch of the broodstock of fish, establishing and tending of the places for maturing and preserving thereof;
- 2.9. fishing in the coastal areas of the Baltic Sea, the Baltic Sea and inland waters of Latvia;
- 2.10. land treatment and hydromeliorative works;
- 2.11. cleaning up of parks, elements of the landscape, cultural and historical objects and clearing away slums;
- 2.12. establishing and tending forest seed plantations;
- 2.13. harvesting and processing forest reproductive material;
- 2.14. mechanical treatment of soil (preparation of soil for artificial or natural reforestation, mineralization of fire protection zones);
- 2.15. forest protection works;
- 2.16. extinguishing and guarding forest fires;
- 2.17. maintenance, tending and repairs of forest infrastructure;
- 2.18. forest inventory;
- 2.19. activities in a hunting farm;

- 2.20. activities in a forest at recreation sites;
- 2.21. harvesting;
- 2.22. harvest processing;
- 2.23. maintenance and safekeeping of beaches, public places for swimming, camp sites, nature tourism infrastructures and rest areas;
- 2.24. work in retail outlets that operate only in certain months of a year or for one season, as well as cafes, tourist accommodation and restaurants;
- 2.25. work in passenger carriage undertakings, which operate regularly each season;
- 2.26. activities of a boiler fireman;
- 2.27. work related to the reception and serving of visitors in cultural institutions and the structural units thereof and tourist information centres, which are open to visitors only during certain months of a year;
- 2.28. work related to the reception and serving of visitors in cultural institutions or authorities, as well as the units thereof, in order to ensure the operation of the cultural institutions or authorities during the period of time when there is a large number of visitors;
- 2.29. territory improvement;
- 2.30. building and maintenance of roads;
- 2.31. activities related to the operation of various camps;
- 2.32. quarrying;
- 2.33. ship building and repair utilising floating docks or quaysides;
- 2.34. activities which are related to the reception and serving of visitors in specially protected nature territories during the period of time when there is a large number of visitors;
- 2.35. care of animals in animal collections;
- 2.36. fish processing complexes, which process only raw materials from the coastal areas of the Baltic Sea, the Baltic Sea and inland waters of Latvia;
- 2.37. auxiliary work in fish resources research in the inland waters of Latvia and on Latvian fishing vessels in the Baltic Sea and the Atlantic Ocean;
- 2.38. planned ground work for the construction of electronic communications networks and the placement of cables directly in the earth;
- 2.39. auxiliary work in the surveying and monitoring of utilised agricultural areas;
- 2.40. repair work in amelioration systems;
- 2.41. forestry work especially in areas of conservation; and
- 2.42. digging of land (trenches) for the placement of sewerage pipes, gas pipes or other pipelines and cables.
