

Youth Guarantee

Published: 07.08.2020.

The Youth Guarantee programme in Latvia is in operation since 2014.

The aim of the Youth Guarantee is to establish a long-term and comprehensive approach for timely activation of young people not in employment and education, by providing job-search support, training and employment measures or continuation of education in a regular education system.

More information on Youth Guarantee measures can be found in the [national Youth Guarantee Implementation Plan 2014-2018](#).
